

I know some might say, "Well this all sounds pretty grandiose and expensive to accomplish." I thought that myself, until I heard the Lord say to me to believe for a 1000 people to partner with us for \$10 a month and you can do what I have called you to do. Think about it, for the price of a few happy meals or a couple trips to Starbucks and you can help us impact the world. I know there are some who can do more but I also know that God will speak to your hearts and you will do what He desires.

I don't believe I need to hype you up about how wonderfully blessed you will be by partnering with us as most ministries do today. The truth is that you are already blessed with all things that pertain to life and Godliness by being in Christ. If you have followed our ministry at all, you know God was motivated by love to send His Son and it is that same love that has been shed abroad in our own hearts when we first believed. The desire to see the lost reached with the gospel should be what motivates us as believers, not what we will get if we give. While we all know the many scriptures that promise a blessing for giving and being generous, I believe if one truly knows the love of God they would be just as bighearted even if there was no blessing attached to giving. The other day the Lord spoke to my heart and said, "There was a reason why the word "World" is in your ministry name. You are now called to the world and must be available for special assignments I send you on". I realized that I am on one right now and I believe He has many more for me in the future!

Please pray about being part of a team that can make a difference around the world with God's love!

In His Love,
Ed and Laurie Elliott
